ONYX UNIQUE

The Onyx Unique Collection captures the mystique and refined grandeur of natural onyx, reimagined in enduring porcelain. Inspired by a rare alabaster marble prized for its distinctive blend of density and crystalline translucence, this collection brings together luxurious opacity and delicate luminosity in a singular, breathtaking look.

Each tile features extremely clear, radiant tones layered with the organic veining and subtle transparency that define genuine onyx. Available in both natural and polished finishes, Onyx Unique offers a versatile array of sizes and mosaic options—inviting limitless design possibilities while maintaining a consistent, cohesive aesthetic. The result: a porcelain tile that embodies timeless elegance and contemporary sophistication, transforming interiors with light, depth, and an unmistakable sense of luxury.
