CONCRETE LOOK PORCELAIN

V4 Variation | Natural Finish

## PRIMAL

Primal is a collection of glazed porcelain stoneware, suitable for indoor and outdoor use, has a thickness of 10 mm and is available in 5 colors in the format 36"x36" and in 4 colors in the format 24"x48" (not available in Red in 24"x48").

Primal is characterized by a surface that is not perfectly regular, whose uneven distribution and changes of tone are desired. The random arrangement of the material ensures maximum surface naturalness.

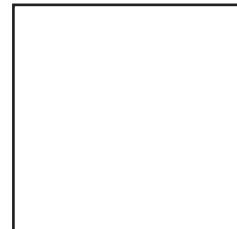

## Technical Information

<b>Thickness(mm)</b>	10 mm	<b>Finish</b>	Natural
