ARCA

Discover Arca, our latest wood-look porcelain tile collection—a refined tribute to nature's timeless allure. This collection seamlessly blends the organic warmth of natural timber with the enduring strength of porcelain. Each piece is designed to elevate contemporary interiors, offering a sophisticated canvas that invites creativity and personal expression. Available in two neutral shades—Nordic and Tropical—these warm, wood-inspired tones bring a sense of calm and connection to any space. Available in both classic 8x48 planks and striking 18x48 three-dimensional wall tiles, the collection transforms interiors with a quiet yet unmistakable presence, perfectly suited for those who appreciate modern design softened by nature's touch.

- **Nature-Inspired Design:** Captures the essence of natural wood in a porcelain format, uniting organic beauty with modern durability.
- **Versatile Formats:** Choose from sleek 8x48 planks, dramatic 18x48 3D relief wall tiles, and coordinating trims for seamless, custom installations.
- **Sustainable Luxury:** Perfect for creating spaces that are both sophisticated and mindful of the environment
