SOHO
CERAMIC SUBWAY TILE

NEMO
TILE + STONE

SOHO

Transform your space with Soho, a striking blend of a modern industrial approach with traditional charm. This ceramic wall tile takes the classic subway tile design to new heights with its unique etched frame detail and rich pattern indentations. The textured enamel and glossy finish catch and reflect light elegantly, creating depth and dimension that elevate any wall surface. Soho's neutral palette allows it to seamlessly merge with a variety of design styles. With unlimited versatility, Soho is a perfect option for designers.

Soho's distinctive appearance and tactile textures make it a standout choice for sophisticated interior designs. This collection empowers creativity—mix and match shades, experiment with different layouts, or play with its refined texture for a dynamic look.

Why We Love It

- **A Fresh Take on Shagreen:** Soho reimagines the shagreen aesthetic, adding an industrial and modern edge to classic design
- **Unique Subway Format:** The larger 4"x8" subway tile dimensions provides a refined twist on a timeless format, perfect for modern and traditional interiors alike
- **Versatile Neutral Palette:** The range of neutral tones complement any color scheme, allowing Soho to effortlessly blend into any design style
