# BRIX

Embrace color and texture with Brix—an artistic ceramic subway tile collection in a vivid palette offering a broad spectrum of warm and neutral colors. This collection provides an industrial yet luxurious aesthetic that is modern and contemporary, ideal for various settings.

Featuring a unique textured surface with indentations on the enamel, which creates a bristled watercolor effect. Its glossy finish further enhances the overall aesthetic creating lustrous reflections.

Brix includes twenty shades of red, blue, green, and neutrals, with endless design possibilities to create vibrant spaces. The artistic palette is available in classic paint colors like Prussian blue and terracotta, transforming your spaces into works of art.

Bring character to your projects and create beautiful and unique canvases. From accent walls in hospitality spaces to centerpieces in your home, Brix will accentuate any room.

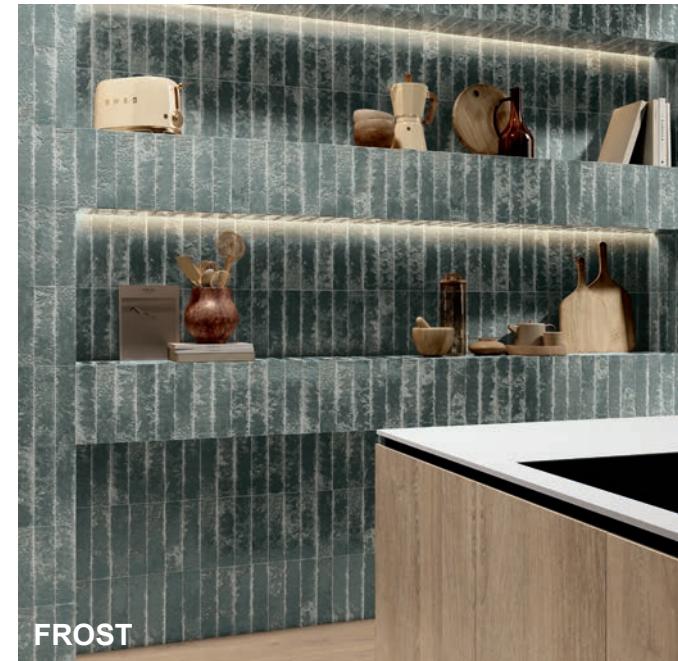

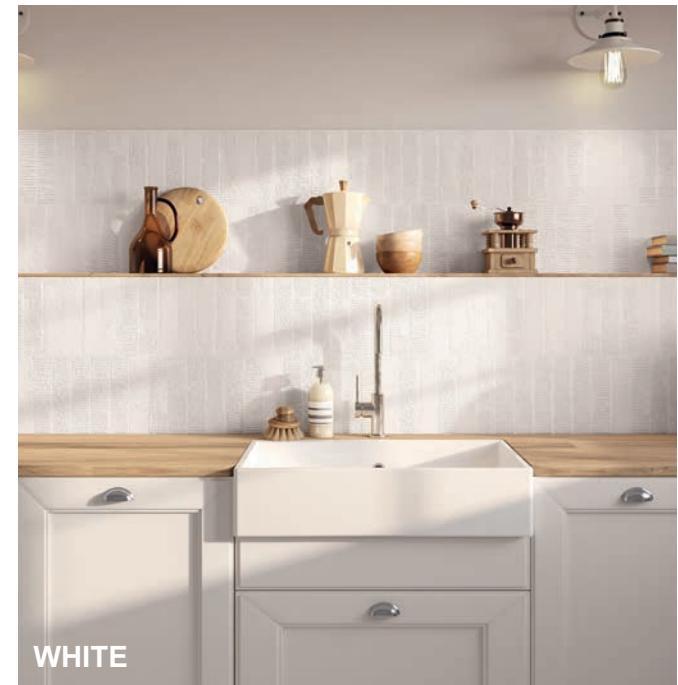

## Why We Love It

---

- **Industrial speakeasy appeal:** Brix's appearance is ideal for hospitality and commercial spaces, from a speakeasy bar or restaurant to a cozy coffee shop.
- **Artistic color palette:** Its vast selection of art history colors allows for creative expression and dramatic designs that captivate, becoming the focal point of any space. The texture enforces its artistic appeal, creating a bristled watercolor effect.
- **Rich texture creates a lustrous aesthetic:** Brix's rich texture and glossy finish intertwine to create a striking light play adding visual interest to your designs.
- **Classic style with a modern twist:** Available as a subway tile, the dramatic palette and unique texture offer this classic style a modern, luxurious twist. Its shape allows effortless application to multiple spaces, from bathroom walls to kitchen backsplashes or accent centerpieces.
