BORGHINI CLASSICO

Step into interiors defined by timeless luxury and bold sophistication. Borghini Classico is a tribute to the grandeur of Carrara's iconic marble landscapes, artfully recreated in advanced porcelain. This collection is designed for those who desire to make an impression—each tile beautifully emulates the sought-after look of Italian marble, elevating spaces with distinctive character and refinement.

Every piece is distinguished by a luminous, crisp white background marked with dramatic veins, shifting gracefully from warm, rust-hued accents to deep charcoal grays. This striking contrast adds both depth and vitality, capturing nature's artistry in a sustainable, high-performance format. Available in a versatile range—from expansive 24×48 and 12×24 formats to tailored 4×16 tiles and intricate mosaics—Borghini Classico seamlessly adapts to walls, floors, and bespoke design features with a palette that speaks to elegance, expressive design, and enduring sophistication.
