# HUDSON VALLEY

CERAMIC BRICK SUBWAY

**NEMO**  
TILE + STONE

# HUDSON VALLEY

Rooted in the architectural legacy of New York's Hudson Valley, this ceramic subway tile collection reimagines the timeless beauty of handcrafted brickwork for contemporary interiors. Each 2.5"x9" tile captures the subtle irregularities and warmth of artisanal masonry, blending refined utility with organic character. Available in eight sophisticated warm neutrals in a matte finish, Hudson Valley offers a versatile palette that elevates both residential and commercial spaces—perfect for café backsplashes, restaurant walls, or any project seeking a harmonious blend of authenticity and modern design, bringing architectural substance and inviting texture to every installation.

- **Handcrafted Brick Aesthetic:** Each tile reflects the character and nuance of traditional masonry, offering a rich, artisanal feel that's both timeless and on-trend.
- **Matte, Tactile Finish:** The matte surface enhances the organic look and feel, providing visual depth and a soft, inviting touch.
- **Modern Heritage:** This collection bridges past and present, delivering a design-forward interpretation of classic brickwork for today's interiors.
