

SUSTAINABILITY CERTIFICATIONS

GREEN SQUARE CERTIFIED

Green Squared® certification confirms this tile meets rigorous standards for environmental, social, and health criteria to ensure responsible tile manufacturing.

DECLARE

Declare labeling ensures ingredient transparency and excludes chemicals listed on the Living Building Challenge Red List.

ZERO VOC

Zero VOC indicates that no volatile organic compounds are present, contributing to healthier indoor environments.

LEED CREDITS

Products with this designation may help building projects earn LEED® certification points for environmental responsibility.

MADE IN THE USA

Products marked "Made in the USA" are manufactured domestically, supporting local industry and reducing environmental impact from long-distance transport.

RECYCLED CONTENT

Tiles labeled with recycled content contain a verified percentage of materials reclaimed and reused from pre- or post-consumer sources.
