# KREA 2.0

Krea 2.0 is a modern ceramic wall tile collection that combines timeless design with trend-forward versatility. With sleek finishes and carefully curated color palette, Krea 2.0 offers endless possibilities to enhance your interiors with contemporary style and sophistication.

Choose from ten refined colors, ranging from soft neutrals to muted trendy tones: Opt for classic whites and grays for timeless appeal or opt for muted blues and greens, including a vibrant navy and a fresh, light green, for a contemporary touch. These hues are designed to harmonize effortlessly with various materials and design aesthetics.

Available in glossy and matte finishes in 4x12 and 4x16 for a clean, polished look. Krea 2.0 also comes in 2 decorative relief options: Ripple and Station, to add depth and movement to create striking feature walls.
