SOLIS

Solis brings a bold new dimension to the classic subway tile, reimagined with sculptural textures and moody seasonal tones. Available in ribbed and fluted surfaces, each tile interacts beautifully with light and shadow, creating depth and drama that transforms walls into statement backdrops. With seven rich colorways in both glossy and matte finishes, Solis strikes the perfect balance between retro flair and modern sophistication, making it ideal for hospitality, retail, or any design that calls for striking visual impact.

Whether used for a mid-century inspired accent wall or to infuse warmth and character into a contemporary space, Solis delivers texture, tone, and movement that keep walls anything but ordinary.

Why We Love It

- **Sculptural depth:** Offered in ribbed and fluted surfaces, each add a distinct three-dimensional character to play with light and shadow for striking visual movement.
- **Rich color palette:** With seven evocative shades, ranging from crisp whites and creams to mustard yellow, terracotta clay, burgundy rust, muted olive, and moody blue, to bring warmth and sophistication.
- **Versatile finishes:** Available in both glossy and matte finishes, achieve a highly reflective drama or a more subdued look depending on the desired mood.
- **Elongated form:** The 4"x16" format offers a modern and refined take on the traditional subway tile shape while allowing for versatile installation patterns.
- **Timeless meets modern:** With a nod to vintage and mid-century style, Solis delivers retro-inspired charm while maintaining a contemporary edge that feels fresh and elevated.
- **Statement-making design:** Perfect for hospitality spaces, retail environments, or feature walls, Solis transforms ordinary surfaces into focal points full of dimension and texture.

Sustainability

LEED CREDITS

Products with this designation may help building projects earn LEED® certification points for environmental responsibility.

EPD AVAILABLE

An EPD transparently details its environmental impact across its life cycle, from raw material extraction to manufacturing, use, and end-of-life.

ZERO VOC

Zero VOC indicates that no volatile organic compounds are present, contributing to healthier indoor environments.

BREEAM

Products may contribute to BREEAM certification, a leading building sustainability assessment method globally, promoting lower environmental impact.

WELL V2

Standards set by the WELL Building Institute, recognizing products that contribute to occupant health, well-being, and overall building performance.
